WAUSAU Financial Systems
to debut ReceivablesWorks^{RX}™ at
TAWPI Healthcare Payments Automation Summit

Mosinee, Wis. – Sept. 9, 2008 – WAUSAU Financial Systems (WFS), the industry leader in payments, receivables and document processing, announced today that ReceivablesWorks^{RX}™, a comprehensive solution which facilitates management of the healthcare revenue cycle and address the needs of healthcare payment administration, will be debuted at TAWPI's first-ever Healthcare Payments Automation Summit, Sept. 15-17 in Chicago. ReceivablesWorks^{RX}™ combines the technological resources, expertise and reputation of the premier receivables software and healthcare payment processing service provider.

"Healthcare payment processing is one of the most lucrative markets in receivables processing, but it is also the most complex and labor intensive," said Todd Juracek, President – Enterprise Payments Group for WAUSAU Financial Systems. "WFS offers our customers an end-to-end solution for automating **healthcare** payments, allowing for revenue growth and increased market share. We are very pleased to be able to share these advances in healthcare payment processing at TAWPI's Healthcare Payments Automation Summit and to continue our commitment to provide the most technologically advanced solutions available on the market."

WFS is a premier sponsor of the TAWPI Summit and has several speaking engagements, further enhancing company visibility and leadership in the healthcare payment processing industry. Christine Smith, ReceivableWorks^{RX}™ Product Manager for WAUSAU Financial Systems, will be participating in three panel discussions focused on solutions technology.

The first session, *Solutions Panel: Emerging Trends in Healthcare Automation*, will detail the most important technologies shaping the market and the key trends and innovations that are changing the way information is captured, processed, managed and delivered. This session is scheduled for Tuesday, Sept. 16 at 10:45 a.m.

Automating Patient Payments Using Imaging Technology is a panel discussion showcasing how two of WFS' customers are automating patient systems with image-based **receivables** technology, building a business case for automation, evaluating technology providers and touch on automation plans for the future. This session will take place Tuesday, Sept. 16 at 3:30 p.m. and will feature Steve Hutchinson, Assistant Director for Patient Financial Services at Marshfield Clinic and David Leach, Cash Manager for Fairview Health Services.

The final session, entitled *QUE Financial's Move from a Manual Patient Payment Processing Environment to a Truly Automated Process*, is scheduled for Sept. 17 at 9:45 a.m. and will focus on QUE Financial's growth since implementing an automated remittance process and how the organization is utilizing **ARC** and Image Exchange to improve staff efficiencies and their plans for expanding healthcare payment processing.

About WAUSAU Financial Systems

WAUSAU Financial Systems is a premier provider of payment and receivables processing solutions, serving businesses of all types to develop strategies that move money faster.
